

theEVnetwork

The EV Network are looking to acquire sites throughout the UK to add to our existing network of ultra rapid EV charging hubs

We are looking for

Freehold and leasehold sites in a range of locations across the UK.

- Busy travel routes
- Retail/leisure destinations
- Travel hubs
- Roadside developments
- Town centres
- Stand alone or as part of wider schemes

Site requirements

Freehold and Leasehold

- Minimum of two bays on existing and new developments
- Minimum 20-year leases offered
- No upfront or ongoing costs to landlords
- Ground leases for surplus land also considered
- Freehold sites from 0.2 - 5 acres

Why the EV Network

- Agents introducer fees paid on leasehold and freehold acquisitions
- End to End fully funded EV charging solution
- Secure long-term, guaranteed rental income, with annual CPI indexation
- Multiple blue-chip CPO partners
- ESG strategy benefits
- We install ultra rapid first in-class 3/400kW+ chargers
- Investment grade covenant
- Fast decision making and efficient streamlined project management for effective delivery
